

PTFE Micropore Gas

Code:PTFE Micropore Gas

Description

Kaxite is one of the leading China PTFE Micropore Gas suppliers and manufacturers, and with productive factory, welcome to wholesale PTFE Micropore Gas products from us.

Item no.:Devlon Ball Valve Seat

PTFE Micropore Gas

Product number:PTFE Micropore Gas

PTFE micropore gas, dust membrane is made from ptfе dispersion resin, by process of extrusion, calendaring, sintering, and two-way stretch and finally composite with different base materials according to different requirements. It is anti corrosive, high and low temperature resistant (-150- +250), high filter efficiency.

[Applications]

It can be used in air purification, dust filtration. It is suitable for filtration in different industries, such as air condition, electrical equipment, pharmacy, automobile, gas turbine, concrete, steel, and waste incineration.

[Properties]

ITEM	UNIT	RESULT
PORE SIZE	um	0.05-5
APERTURE RATIO	%	85
FILTRATION RATE	H	11-14
TEMPERATURE		-150- +250
